A Great Place To Live!

If you're ready to live in a beautiful natural setting and you like saving money, then Crystal View is the perfect place to call home.

Choose from single-family homes, townhomes or apartments - all built with high-efficiency features designed to reduce your energy needs and save you money.

Enjoy a peaceful walk along a pedestrian friendly street with all buildings facing lush

landscaped green areas. Travel the walking path along picturesque

Saline Creek, or if you want more, Busey Woods and beautiful Crystal Lake Park are across the street. That's where you'll find ball fields, volleyball courts, picnic groves, swimming, flower gardens and many more attractions.

At Crystal View it's easy to go GREEN!

The latest green building technologies have been incorporated

into Crystal View. All the buildings have extensive insulation to conserve energy. Inside your rental home are more energy saving features like geothermal heaters, cooling systems, hot water systems and high-efficiency appliances designed to reduce energy consumption and save money.

The community is set into a green design concept with ample open space, extensive landscaped grounds, rain gardens, shade trees and native prairie plants.

With these beautiful surroundings, why wait to make your move?
